TEACH TO WORLD ISSUES

Our teens need to know what they are up against.
And they need to know what God says about
these topic and why He tells us not to engage in
these situations.

ENCOURAGE QUESTIONS

Let your teen know it is okay for them to
question their faith. To not know or understand
certain aspects of Christianity. We want our
children to feel comfortable enough to come to
us with those questions so we can have an open
dialogue.
